# RICHMOND GAINS BY TARIFF CHANGE

That Is to Say, Port Collections Will Show Big Increase Under New Law.

#### TRYING TO SOLVE PROBLEM

Expected That Federal Income Tax Law Will Swell Receipts Locally.

Changes in the general tariff schedas proposed by the Underwood bill Hull's income tax law are exected to mean a vast increase in the evenues derived by the Federal government through the customs house at the port of Richmond and internal revenue collections for this district. While the Underwood bill makes pholesale additions to the free list and lowers the tariff on a great many ommodities, it makes recompense by aising the duty on the luxuries of life. blacco, spirits, wines and the like, hich form the great bulk of impor-

tions at this port. If, as is now contemplated, the duty n tobacco filler is raised from the 5 cents a pound prescribed by the ayne-Aldrich tariff bill to 50 cents a ound, the change will mean an inease of hundreds of thousands of ollars in collections at the port of ichmond. It is estimated by offi-als of the local custom-house that is increase in the duty on tobacco will boost the collections of this the fiscal year of 1914 to out \$1,500,000, as against \$1,300,000 the fiscal year of 1912-1913.

It is proposed to change the present tariff of 9-16 of a cent per und, and from 15 to 30 per cent ad lorem, to a flat rate of 15 cents a d. Burlap is imported in large titles at this port for use by the fertilizer plants in Richmond.

collecting about \$300,000. Treasury Department statisticians estimate that the income tax will add \$70,000,000 to the excise revenue, and if the law of proportions is observed, this office will collect about \$150,000 next year from taxes on the incomes of corporations and individuals.

This estimate will be surpassed in actuality if many of the immensely rich Northerners with homes in Virginia pay their income tax through this office. Collector Lowry has received no intimation of how the payment of the income tax is to be arranged, but it is presumed that individuals will pay to the office in the place of their legal residence. Few of these multimillionaires maintain a legal residence in Virginia. Thomas F. Ryan pays a large income tax annually to the State of Virginia.

Letters and telegrams bearing on the organized campaign early in 1912 to secure petitions and protests against free sugar from various States were numerous. A telegram sent from Washington, March 21, 1912, by Hamilin to Fred C. Holmes, manager of the Western Sugar and Land Company, Grand Junction, Col., said:

"Have resolutions passed in Garfield and Montrose Counties. Stir them up all along the line."

Holmes wired to Hamilin: "Working on petition and resolutions, and believe on petition and resolutions, and believe will have a big bunch by April 1."
